

ESD F - Dissipative Corrugated Vinyl

- **Corrugated slip resistant surface.**
Provides excellent traction even when wet.
- **Easy to cut.**
Configure to your requirements.
- **Brown colour.**
Hides dirt, lower maintenance.
- **10⁸ ohm resistance.**
Dissipative - safely removes charges to ground.
- **Meets ESD protective flooring requirements of IEC 61340-5-1.**
- **Antistatic, low tribocharging.**
Minimal charge generation on mat.
- **High quality material with dissipative electrical properties.**
When properly grounded, safely removes electrostatic charges from equipment and people to protect your ESD sensitive products.
- **Non-humidity dependence.**
Provides consistent electrical performance regardless of ambient humidity.
- **Dimensionally stable.**
Minimal shrinkage and curling.
- **Superior Quality**
- **Rp / Rg:**
10⁸ Ohms
- **Thickness:**
3.2mm

MATS	
Art.	Description
ESD 80141	1.2m x 2.4m mat, brown

ROLLS	
Art.	Description
ESD 80142	1.2m x 12.2m roll, brown
