

# ESD O - Dissipative 3 Layer Vinyl

- **Thick, energy absorbing.**  
Excellent cushioning mat for trays, carts, and benches. As worksurface or shelf mat, protects parts susceptible to physical shock.
- **Soft, pliable, material.**  
Can be easily die cut or razor cut.
- **$10^6$  -  $10^8$  ohm resistance.**  
Dissipative - safely removes charges to ground.
- **Compatible with Continuous Monitors.**
- **Meets working surfaces Rp and Rg requirements of IEC 61340-5-1 paragraph 5.2.**
- **Antistatic, low tribocharging.**  
Minimal charge generation on mat.
- **High quality material with dissipative electrical properties.**  
When properly grounded, safely removes electrostatic charges from equipment and people to protect your ESD sensitive products.
- **Non-humidity dependence.**  
Provides consistent electrical performance regardless of ambient humidity.
- **Dimensionally stable.**  
Minimal shrinkage and curling.
- **Superior Quality**
- **Rp / Rg**  
 $10^6$  -  $10^8$  Ohms
- **Thickness:**  
9.5mm

ROLLS	
Art.	Description
ESD 80532	0.9m x 18.3m roll, blue
ESD 80530	0.6m x 18.3m roll, blue
