

ESD B - dissipative mat

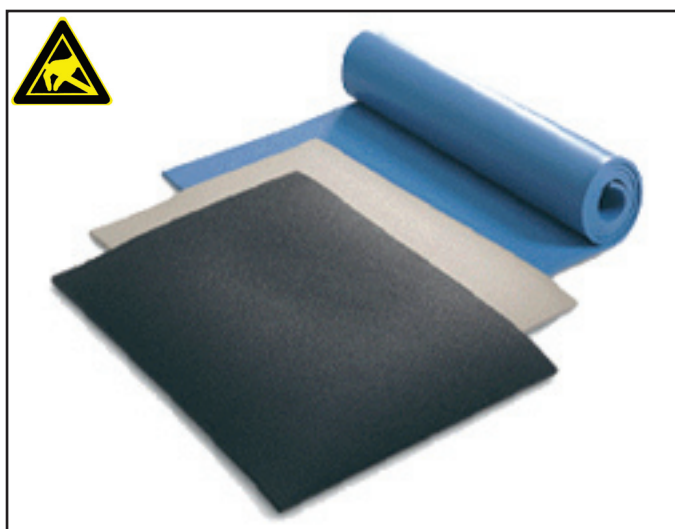

- **Reversible extruded homogeneous vinyl.**
Use as worksurface or floor mat.
- **Smooth surface on one side.**
Easy to clean and maintain.
- **Non-glare finish on one side.**
Easier to identify small parts.
- **Easy to cut.**
Configure to fit your requirements.
- **10^9 - 10^{10} ohm resistance.**
Choice where meeting IEC 61340-5-1 NOT required.
- **Antistatic, low tribocharging.**
Minimal charge generation on mat.
- **High quality material with dissipative electrical properties.**
When properly grounded, safely removes electrostatic charges from equipment and people to protect your ESD sensitive products.
- **Non-humidity dependence.**
Provides consistent electrical performance regardless of ambient humidity.
- **Dimensionally stable.**
Minimal shrinkage and curling.
- **Superior Quality**
- **Rp / Rg:**
 10^9 - 10^{10} Ohms
- **Thickness:**
2.5mm

MATS

Art.	Description
ESD 80181	0.6m x 1.2m mat, brown
ESD 80183	0.6m x 1.2m mat, beige
ESD 80185	0.6m x 1.2m mat, blue

ROLLS

Art.	Description
ESD 80216	0.6m x 12.2m roll, beige
ESD 80228	0.6m x 12.2m roll, blue
ESD 80240	0.6m x 12.2m roll, brown
ESD 80244	0.76m x 12.2m roll, brown
ESD 80248	0.91m x 30.5m roll, brown
ESD 80250	1.2m x 30.5m roll, brown

Mat Kits

TO FORM A COMPLETE MAT KIT, ADD THE FOLLOWING:

- Mat grounding cord
- Grounding hardware
- Wristband
- Coil Cord
